

Decision tree for choosing the appropriate method

Does the sample contain :

- Natural low molecular weight dietary fibre
- Added dietary fibre
- or Resistant starch ?

No

AOAC
985.29

Yes or
unknown

Do you want to separate soluble
and insoluble fibres ?

No

AOAC 2009.01

Yes

AOAC 2011.25

*For the measurement
of resistant starch
only, use Method
AOAC 2002.02*

*Recommended TDF analysis for High
amylose wheat products.*
